Training Objectives

Module 3 – Identifying Traffickers

By the end of this module, you will:

- Be aware of some of the ways used by traffickers to smuggle wildlife by air
 - In carry-on baggage, check-in baggage, disguised as something else by post or courier or in cargo
- Understand where airline and airport staff might be able to identify wildlife trafficking
- Be aware of clues which can help you identify wildlife traffickers

There are four key ways traffickers move wildlife and wildlife products by air:

- Hidden on their body
- In personal baggage (check-in or carry-on)
- Air cargo
- By post or courier
