## Reducing Opportunities for Unlawful Transport of Endangered Species

---

Awareness for Airline and Airport Staff (*Americas*)  
*Module 4 – Report and Respond*

**Airline/Airport name here**

**Location and date of training here**

# Training Objectives

## *Module 4 – Report and Respond*

By the end of this module, you will:

- Be aware of the risks of handling trafficked wildlife
  - Disease
  - Injury
- Understand how to minimize these risks to protect yourself and others
- Understand how to report wildlife crime
- Understand that tip offs given by airline and airport staff do work and have led to wildlife seizures

- Airport Security
- Etc.

# What to do next?

---

**It is important that items which could be used to help investigation and prosecution are protected:**

- Do not let unauthorized personnel remove any item (e.g. baggage tags, documentation etc.)
- Any photographs should be given to the authorities to assist in their investigation
- If you are involved in the investigation, make sure that you wear gloves.

If you are unsure, seek advice.

A cache of 41kg of smuggled rhino horns is seen at O.R. Tambo Airport in Johannesburg after it was confiscated from two Vietnamese passengers on a flight to Hanoi from Mozambique

Two Vietnamese men were arrested at Johannesburg airport with a record haul of 18 rhino horns, weighing 41 kilos (90
